

THE DECADES

The Norwegian American Line's venerable headquarters opened their doors in 1919. Their vessels carried thousands of hopeful Norwegians with inspiring dreams to the land of opportunities. The dreams became reality through hard work for some, and others came back to the homeland rich with experiences. An eventful century has elapsed and Amerikalinjen is reborn as an urban boutique hotel in Oslo where modern day explorers will start their journey.

At Pier 42, we envision ourselves as storytellers who narrate historic moments that shaped our current society. Through the medium of creativity, our cocktails will denote major events and significant milestones that have left a mark in the last decade. Together, we will travel through time, relive these great moments, and define the art of fine cocktails.

THE DECADES

EMIGRATION 2009-2019

Rooster Blanco, Lemon Grass,
Roiboss, Wine, Citrus

*The choice to leave, shape the world and define better future. Immigrants are taxpayers, entrepreneurs, job creators, and consumers. "Migration has always been an important driver of human progress and dynamism."
— Ian Goldin (2016)*

SOCIAL MEDIA 1999-2009

Zacapa 23, Beetroot, Berries,
White Chocolate

*Our desire to be seen and be heard has been expanded and revolutionized through the introduction of social media. Now, the greatest challenge is to teach the next generation the art of personal and human interaction.

THE XVII OLYMPIC WINTER GAMES 1989-1999

Absolut Elyx, Seabuckthorn, Ginger,
Passionfruit

The 94' Winter Olympics took place in Lillehammer, Norway. Inspiring an entire nation, the Norwegian athletes won the medal count and through their achievements raised the bar for many generations to come.

THE DECADES

OSLO CENTRAL STATION 1980 1979-1989

Carpano Dry, Jasmine, Genepy, Champagne

Norway's largest railway station opened in 1980 and immediately improved the commute for thousands of travelers. Today, as Oslo has grown to become a metropolitan hub, it connects the city centre with the suburban areas.

DISCOVERY OF OIL 1969-1979

Nº52, Sherry, Holtefjell XO Cheese,
Mushrooms, Hazelnut Oil

Since the discovery of North Sea oil in Norwegian waters during the late 1960s, exports of oil and gas have become very important elements of the economy of Norway. This adventure has given Norway financial security and stability for generations to come.

FIRST MAN ON THE MOON 1959-1969

Bombay Sapphire 47%, Grapefruit,
Lemon, Lavender, Soda

Neil Armstrong famously stated "One small step for man, one giant leap for mankind", and shared the credit with everyone who had contributed to the successful space mission, landing the Eagle on the moon.

THE DECADES

CHRISTMAS BOAT 1949-1959

Maker's Mark, Orange, Masala,
Chocolate Black Tea, Butter Ghee, Milk

Through the 1950's, it was always a highlight when the last boat before Christmas would reach Oslo Harbor. Named "Julebåten" it was loaded with hopes, dreams, American candy, and Santa Clause himself. They were greeted with marching band and thousands of family members on the dock.

VIGELAND PARK 1939-1949

Linie Madeira, Sweet Vermouth,
Fernet, Coffee Caramel

Completed through the course of a decade, the park houses 212 sculptures made from bronze and granite. Gustav Vigeland, being one of the most celebrated Norwegian sculptors, envisioned a public space made for the people from Oslo and beyond.

THE DECADES

EMPIRE STATE BUILDING 1929-1939

Naked Grouse, Sweet Vermouth, Sherry,
Bitter, Roasted Wheat

Art-deco, symmetry, vivid and contrasted colors – the classical representation of style. In October 1929, on the corner of 34th Street and 5th Ave, the original Waldorf Astoria made space for this iconic building. Once the tallest building in the world, this pencil shaped building was the symbol of hope in a country that found itself in a challenging time. It was opened in 1931 by President Herbert Hoover.

PROHIBITION 1919-1929

Bayou Reserva, Peach, Apricot,
Citrus, Shiso

In an era where Norway and America both saw an economical downturn, it resulted in the widespread of the temperance movement that paved the way to the rise of 'bootlegging' and speakeasies. It also created 'moonshine' and 'bathtub gins' that have now shaped the industry of fine cocktails.

THE CLASSICS

Through the plethora of imaginative and offbeat cocktails that has been invented all over the world, the yearning for the stirred and shaken classics is still present. From the primary goal of 'stimulating' the true art of fine drinking has evolved over time. A special gratitude to - "Professor" Thomas, an American bartender who wrote the first comprehensive book that made modern bartending widely popular. At Pier 42, we have created a menu that features both celebrated and forgotten world famous classics. We will celebrate the rebirth of exceptional tipples for the discerning's imbibing pleasure.
